## THE STORY OF OUR TIME FROM DUALITY TO INTERCONNECTEDNESS TO ONENESS

Robert Atkinson, Ph.D. | *SacredStoriesPublishing.com* | \$14.95

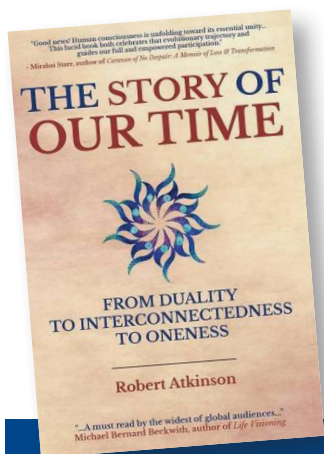

Author of nine books, Dr. Robert Atkinson brings us his latest soul-making endeavor with "The Story of Our Time." Recognized by spiritual authorities such as Sufi teachers, medical doctors and fellow authors on consciousness, Atkinson offers a timely and timeless narrative of conscious evolution drawn from the continuous wisdom of the world's religions.

His main premise: Beneath the illusion of separation, humanity is one family and always will be. It is the stories we live by and the actions we take today that define the journey to wholeness.

Are you ready to explore new ways to identify factors that can move your personal consciousness and that of humanity toward unity? This thoughtful and balanced book is shared from the Baha'i perspective and introduces a stream of

unitive wisdom from the ages. Larry Dossey, M.D., author of "One Mind: How Our Individual Mind Is Part of a Greater Consciousness," calls Atkinson's latest offering "a survival manual ... spread it as widely as possible."

There is hope for peace on Earth, and this book makes the case for living from that big picture. Unity is humanity's ultimate destination. Atkinson believes that how we arrive there depends upon the stories we live by and the actions we take. As he describes in this book, "We are becoming recipients of a new eye, a new ear, a new heart and a new mind." Now is the time, and we are the people to embrace the good of global integration. ☸

This 190-page spiritual survival guide inspires hope for humanity as it traces the unifying power of love throughout history and the world's faith traditions.
